About ENGAC

Architect Essam Afifi established Engac in 1985, an engineering office for architecture and construction to develop the relation between the human environment with internal and external architecture.

Engac specializes in woodworks for hospitality and high-end residential projects.

A close-up photograph of wooden planks and floorboards. The planks are arranged in a grid pattern, with some showing a distinct grain and others appearing more weathered. The lighting is warm, highlighting the natural texture and color of the wood. A black rectangular box is overlaid in the center, containing the text "Wood Works Fit Out" in white, bold, sans-serif font.

Wood Works Fit Out

Wood Works

Engac offers a wide variety of wood works with exceptional quality. Engac uses premium raw materials and international standards of manufacturing

Our wood works include the following:

- Architectural wooden decorations and outfitting such as wooden wall cladding, parquetry, and wooden ceilings

A low-angle shot of a wooden pergola structure against a clear blue sky. The structure consists of several thick, dark-stained wooden beams. In the lower right corner, a decorative metal screen with a scrollwork pattern is visible. The text "Outdoor Woodworks" is overlaid in the center in a white, sans-serif font.

A close-up photograph of a woodworking project. In the foreground, a hand plane with a black handle and a silver blade is positioned over a light-colored wooden plank. The plane is actively shaving wood, with a pile of light-colored wood shavings visible to the left. In the background, another wooden plank is visible, and a dark, ornate wooden mallet or handle rests on a black tray. The entire scene is set on a dark, textured wooden surface. A black rectangular banner is overlaid in the center of the image, containing the word "Doors" in white text.

A top-down view of a wooden workbench covered in wood shavings. Several tools are visible: a hand plane with a white handle and metal soleplate, a chisel with a wooden handle, and a metal marking gauge. A wooden ruler is positioned vertically on the right side. The word "Furniture" is centered in a black box with white text.
